学修上の助言 advice for the course			受講生とのルール discipline expected of student			
Best way to learn a foreign language is to listen to what is said, say it yourself, see it in writing, and write it yourself. Grab every opportunity to talk to fellow students, host family, and people you meet.			The class is held once a week, just 90 minutes a week, which is not an effective way of learning a foreign language unless students study it on their own; therefore, the students are expected to practice reading and writing Japanese sentences for 10 to 15 minutes a day.
