<b>学生に発揮させる社会人基礎力の能力要素 Fundamental Competencies</b>		<b>学生に求める社会人基礎力の能力要素の具体的行動事例 Abilities Expected of Students</b>				
ACTION	Initiative	In language training, it is very important to practice independently with high motivation. Each student should concentrate on improving Japanese grammar & pronunciation skills through supplementary training to gain confidence in speaking Japanese.				
	Ability to Influence	Each student will be able to use Japanese as a communication tool for the purpose of influencing other people & culture in the globalized society.				
	Execution Skill	Each student will act more aggressively to overcome anxiety of making mistakes when speaking in Japanese by gaining confidence through repetition practice.				
THINKING	Ability to Detect Issues	Each student will be able to focus on what problems he/she has to deal with and understand what should be revised in order to develop a more effective way to speak Japanese through self-study & group work.				
	Planning Skill	In general, having to master a second language should expand the possibilities of the student's future career. Each student should expect more opportunities and openings to come & make full use of their language skills to plan an advanced role in the workplace.				
	Creativity	Each student will accomplish tasks which will enable him/her to cultivate creativity in his/her learning style.				
TEAMWORK	Ability to Deliver Message	Each student will be able to materialize a close interaction & to share personal ideas or opinions with the Japanese people by using Japanese.				
	Ability to Listen Closely & Carefully	Each student will be able to understand the philosophy & viewpoint formed within the Japanese people by using the skills to listen & interpret Japanese,				
	Flexibility	Each student will acknowledge & respect the feelings & thoughts of people with different cultures by placing himself/herself in the other people's position & conduct a meaningful discussion for problem solving through the study of the second language.				
	Ability to Grasp Situations	Each student will distinguish various situations people may be placed in & use his/her communication skills to establish better mutual understanding by acting positively,				
	Ability to Apply Rules & Regulations	Each student will learn to respect & follow the rules & discipline of other cultures, and will take appropriate measures if he/she has the opportunity to visit a foreign country.				
	Ability to Control Stress	Each student will achieve his/her communication skills by controlling stress to elevate motivation & develop self-discipline.
