学生に発揮させる社会人基礎力の能力要素		学生に求める社会人基礎力の能力要素の具体的行動事例					
前に踏み出す力	主体性	In language training, it is very important to practice independently. Each student should get motivated and work on improving Japanese grammar & conversation skills by using supplement teaching aid under the support of the Japanese instructor.					
	働きかけ力						
	実行力	By gaining confidence through hard work, each student who is likely to have the sense of anxiety or being afraid to make mistakes when learning a foreign language will be able to turn these feelings into the ability to take actions.					
考え抜く力	課題発見力	Through self-training & group work, each student will be able to focus on what problems he/she has to deal with and understand what should be corrected in order to exploit a better way to present Japanese.					
	計画力	There should be flexibility in planning future jobs as a result of the language training. Each student should see to it that opportunities are waiting no matter what the necessity for Japanese is at that point but should always be their strong tool.					
	創造力	Through the supplementary work & training, each student will feel a sense of accomplishment which will enable him/her to establish a more creative training method.					
チームで働く力	発信力	As a means of communication, each student will be able to realize the interaction between various people by using Japanese, which enables him/her to share personal idea or opinion.					
	傾聴力	By listening & speaking Japanese, each student will be able to understand the idea & opinion of the Japanese people accurately.					
	柔軟性						
	状況把握力						
	規律性	Understand the minimum rules, promises and manners that must be followed to avoid inconveniencing others.					
	ストレスコントロール力
